Shangri-La's

Rasa Sayang Resort & Spa

PENANG, MALAYSIA

The mélange of learning and camaraderie in a relaxing backdrop of sand, sea and shore has always been the hallmark of every ADLAS conference.

This year's venue sits on thirty acres of lush gardens, framed by majestic rain trees which re-create a taste of the island's rich tropical scenery. Shangri-La's Rasa Sayang Resort and Spa - nestled along Penang's popular Batu Feringgi Beach, offers an expansive retreat in traditional Malaysian style. This iconic beach resort offers its guests a luxurious accommodation option replete with an array of amenities whilst situated amidst impressive and majestic scenery.

For more information visit their website at:
www.shangri-la.com/en/property/penang/rasasayangresort

Myth, Fact & Fiction 2012

With the success of the three ADLAS conferences in Cebu, Philippines, Sentosa, Singapore and Resorts World, Singapore, we are happy to announce the 4th ADLAS conference to be held on the shores of Penang, Malaysia on May 5-6, 2012.

As always, ADLAS adheres to its commitment to bring together dermatologists from Asia with special interest in Lasers / Dermatologic Surgery, and combine this meeting of minds with the natural delights of sun, sea and shore, to give us all a chance to meet friends and colleagues in a relaxed enticing atmosphere!

With the positive comments we have received, we will continue our unique set-up of PANEL & CASE DISCUSSIONS, not plenary lectures found in other meetings. Plenary talks are confined to updates by keynote speakers from the West but panelists will be from the different countries in Asia to ensure relevant and stimulating discussions.

We are pleased to enunciate that the panelists are self-sponsored, enabling us to have unbiased presentations and keep the registration fees as minimal as possible.

We hope to see you in this fourth ADLAS meeting of minds...

PRELIMINARY PROGRAM

PANELS

Latest Interventions for Pigment Conundrums
What's new for pigment problems?

Rejuvenation & Tightening
Are we achieving or are we deceiving?

Body Sculpting: Melting, Heating, Freezing
